BOARD FUSION CASE MANAGEMENT SYSTEM

Designed specifically for legal teams, Board Fusion offers a robust platform that simplifies every aspect of case management. From tracking cases and managing billable hours to automating workflows and securing sensitive documents, our system enhances productivity, streamlines communication, and provides data-driven insights to elevate your legal operations.

KEY FEATURES TO EMPOWER SUCCESS

Case Tracking & Management
Maintain case logs with unique IDs, status updates, and key milestones.
Track history, notes, and outcomes for quick access and compliance.

Time & Billing Management
Integrated timesheets for in-house and external counsel.
Automatically generate invoices based on recorded billable hours.

Task Assignment & Workflow Automation
Delegate tasks, set deadlines, and receive automated reminders.

Document & Data Management
Secure document storage with version control and tagging.
Powerful search capabilities and audit trails for compliance.

Calendar, Scheduling & Notifications
Sync court dates, meetings, and deadlines with integrated calendars.
Automated alerts for critical dates and events

Reporting & Analytics
Customizable dashboards that monitor case progress, team performance, and financial metrics.

Case Workflow

Input:
Case data, documents, deadlines.

Processing:
Automated tracking, task assignments, billable hours recording.

Output:
Reports, invoices, court-ready documents, case updates.
